

## Code Lock

Item No.: MK725

### Technical Data

Dimensions	79.8X59.8X55.6mm
Material	ABS
Input Voltage	DC4.5V
Battery	3 X AAA alkaline batteries
	Service life 10,000 locking cycles
Static Power	≤100uA
Dynamic Power	≤170mA
Max Reading Range	7±2mm
Undervoltage alarm	3.5V
Use condition	Temperature: -15℃~65℃ ; Humidity: 5%~95%

### Features

- Quick and easy to install & operation
- Easy to set your own code
- Two code levels: Manager code and user code
- Two mode of use: Private use and Public use
- LED in 2 colors for lock status (green, red)
